14 September 2020

Dear parent/carer,

We wrote to you on 12 September advising that a member of staff at Greenhills Primary School had tested positive for Covid-19.

NHS Lanarkshire's test and protect team is now carrying out contact tracing after two further members of staff tested positive for Covid-19. All three staff are currently self-isolating at home.

NHS Lanarkshire is working closely with South Lanarkshire Council with regards to the cases and is in the process of contacting close contacts. Our test and protect team will continue to contact anyone who may be affected. Public health advice is being given to these individuals and they are being told to self-isolate.

Following the findings of a review, there is evidence to suggest that there is transmission between close contacts within a limited group of individuals in the school. Those within this group are self-isolating. The risk to the wider school community remains low and the school will remain open.

We are aware that there will be concern for children, their parents/carers and staff at this time, however, I want to reassure you that a full risk assessment has been carried out by NHS Lanarkshire public health with South Lanarkshire Council putting in place all the recommended infection prevention and control measures and has a thorough cleaning programme for the school building.

Noting the increased infection rates in Lanarkshire, it is important to bear in mind that mixing socially in the community without maintaining physical distancing measures helps the virus to spread widely. It is therefore important that people remain vigilant and follow physical distancing guidance. Pupils and staff should wash their hands thoroughly and regularly using soap and water for 20 seconds.

Individuals who experience any Covid-19 symptoms such as a cough, fever or loss of taste or smell, even if they are mild, should stay off school or work and get tested. Information on how to access testing is available from NHS Inform at:

<https://www.nhsinform.scot/illnesses-and-conditions/infections-andpoisoning/coronavirus-covid-19/test-and-protect/coronavirus-covid-19-testing>

If you have any questions about coronavirus please visit www.nhsinform.scot in the first instance, or call the helpline on 0800 028 2816.

To respect and maintain patient confidentiality no further details will be released at this time.

Yours sincerely
